Dear Friends,

House Republicans Release Commitment to America

Today, the House Republican Conference released the Republican Commitment to America. This is a pledge from all House Republicans to the American people that our agenda will create an economy that's strong, a nation that's safe, a future that's built on freedom, and a government that's accountable. I look forward to working with my colleagues to build out a conservative agenda that puts America First.

This plan is in direct contrast to the Democrats' agenda of rampant inflation, a raging border crisis, a weaponized deep state that targets the American people, including hiring 87,000 additional IRS agents, and a future that is uncertain.

Case in point, the Dow Jones tumbled below 30,000 points today, as fears grow that a nationwide recession is looming. As the stock market takes yet another dive, grocery bills skyrocket, and the price of gas continues to fluctuate – Democrats in the White House are throwing yet another party.

This evening, Elton John will perform at the White House South Lawn, all on the taxpayer's dime. This is the second party celebrating Biden's achievements in the last month, while Americans suffer under the weight of this administration's hubris.

Reports from inside the White House say that the President is "irritated" with the crisis on the southern border. If only the administration was "irritated" by the hundreds of thousands of illegal migrants coming into the country every single month.

Republican Leader Kevin McCarthy [said in a statement this week that he will not support any new government funding bills](#) until the Biden Administration gets serious about stopping the 3.5 million illegal border crossings that've occurred this year, which is more than the entire population of Chicago.

I agree with the Leader - [House Republicans must say no](#) to a government spending bill until there is meaningful action to close our southern border.

Additionally, during the President's recent 60 Minutes Interview, [he declared victory against the Covid pandemic and stated the situation is "over."](#) After years of tyrannical executive actions, unconstitutional vaccine mandates, years of learning loss for our kids who were locked out of schools, and thousands of Americans fired because they refused to adhere to this administration's mandates, this rings hollow, as if it were political theater.

We cannot allow this President to keep writing blank checks on behalf of the American people while illegal immigrants continue to pour across the border and our freedoms are curtailed. House Republicans must hold their ground and stand for freedom.

House Democrats' Dishonest Theatrics

In the House Judiciary Committee this week, Rep. Mondaire Jones (D-NY) and his Democratic colleagues were caught lying to the American people, once again.

Rep. Jones stated in committee that Capitol Police Officer Brian Sicknick was “bludgeoned to death” during the attack on January 6th.

[I asked Rep. Jones to clarify his remarks, and reminded him that this report was a lie.](#) I also shared with him that the medical examiner ruled that Officer Sicknick died of natural causes. This repeated rhetoric is dishonest and dangerous to our Democracy.

This is just the latest in House Democrats' laundry list of false and misleading narratives.

As Chairman Jerry Nadler reminded us of the famous quote, "everyone is entitled to his own opinion, but not his own facts." His Democratic colleagues would do well to remember those words.

2020 Lawlessness in Portland Oregon

This week, in the House Homeland Security Committee, I had the opportunity to question Deputy Director for the Federal Protective Service, Richard Cline. The violence and lawlessness that we witnessed in Portland and across the country in 2020 was a truly unprecedented event. Deputy Director Cline's stunning testimony gives the American people a glimpse of what law enforcement endured and what this anarchy allowed to occur.

Officers were attacked by Portland radicals with Molotov cocktails, green lasers, slingshots, and commercial grade pyrotechnics. More than 800 officers were injured during the multi-month siege.
